Selectmen's Meeting

SEPTEMBER 6, 1983 by Virginia Arral

The members of the Board of Selectmen expressed the opinion last Tuesday that they hate to interfere with anything that works!

They were referring to the proposed changes in "no parking" areas in the center of town. Recommendations were received from Police Chief James Moran, who felt many should remain as they were voted in 1968:

Moran's recommendations included: No parking north side of Tobey Lane (there are no signs there now); no parking Hammond Street in front of St. Anthony's Church parking lot (now has only two signs); keep Baptist Street as it is; no parking on Barstow Street on the south side between Church Street and Water Street; keep Mechanic Street the same (no parking Water Street to Hammond Street), no problem to Route 6; Church Street and North Street to remain the same as per by-law; Main Street to remain the same; Water Street to remain the same as per by-law; and Beacon Street to remain the same per the by-law. It was noted Beacon Street has no signs. The no parking signs from Town Beach to Linhares Avenue should read: No parking this side, except Sunday, between 8 a.m. and 12 noon; also on Hammond Street should read the same. The reason for this is the heavy traffic problem at St. Anthony's and St.

Phillip's Churches. Also, the signs along Water Street and Main Street read No Trailer parking this side. These should be replaced with just No Parking signs. Some of the signs along these streets are old and hard to read, and should be replaced.

On Church Street in front of Kitchen 21, parked cars on both sides make it very hard to get through. Presently, 30 minute parking signs are in effect for the south side. I would recommend going along with the By-Law, reported Chief Moran.

Selectman Frank Suzan commented that because of one complaint on Mechanic Street, should we change other streets. All the years I've lived here I haven't noticed that many complaints or problems. "Why the major revamp?" Suzan asked.

James Huntoon, Selectman, said, "I hate to interfere with anything that works." Selectmen Chairman John DeCosta felt the corner of Church and Mechanic Streets has enough room to turn a fire truck around the corner. He noted the biggest problem seems to be during the winter when snow is on the streets.

Recommendations from Fire Chief Paul Bradley were received at a previous meeting; he agreed the town should stay with the same rules it set down in 1968.

The board agreed to wait another week to see if they want to change anything. They plan to personally check the areas in question before making a decision.

PRESENTED FIRST OF THREE WINDOWS

Tony Pelson, who is designing stained glass windows for the Town Hall, met with the board and presented the first of three windows. The first one is the head of the Indian Chief Massasoit. Selectmen expressed deep appreciation for the gift.

Tony said Robert Bertram, supervisor in charge of refurbishing the Town Hall, will install the window. He noted hopefully some kind of a light can be placed in the back of the window to make the design more cheerful and identifiable. He also showed the Selectmen a drawing of the whaling bark, "Gay Head", sister ship of the "Wanderer", that he is going to make for the third glass window.

CONTRIBUTION RECEIVED FOR SODIUM LIGHT

A contribution of $100.00 was received from Milton A. Silveira for the installation of one sodium light at the Town Wharf in memory of his late father, Antone Silveira, and in honor of his mother, Caro-

Mr. Silveira said his parents spent many happy hours fishing at the wharf and that the town has been good to them.

FIRE CHIEF'S REPORT

Fire Chief Paul Bradley's report for the month of August was as follows:

Drills - 42 hours
Fires - 230 hours
Still Alarms - 110 hours
TOTAL - 381 hours

MONEY TO OLD COLONY BUDGET

Selectmen reported that at a joint meeting held recently with Selectmen from Carver, Acushnet and Rochester, Mattapoisett Selectmen agreed to have five percent of the Chapter 70 "pass through monies" be applied to the Old Colony Voke School budget.

Mattapoisett's monies - $71,479 - would result in $3,573.95 being applied to the school, with the balance being returned to the town's Free Cash.

MEETING TO DISCUSS DISPOSAL OF SOLID WASTE

Selectmen will meet at 7:30 p.m. September 20th with representatives of the Board of Health and the Conservation Commission to discuss a new draft agreement to dispose of solid waste. SEMASS representatives will make a presentation at that time.

Chairman DeCosta explained the board is taking another look at the agreement because the state may do away with sanitary landfills. SEMASS is the facility to be constructed in Rochester by Energy Answers Corporation.

CABLE LINES

Selectmen noted employees of American-cable Systems (the former Bay Cable) and the telephone company are on Brandt Island Road checking poles in preparation for the installation of cable lines.

LETTER OF COMPLAINT

Selectmen received a letter of complaint from Robert J. Burke regarding the suspension of his son's commercial quahog license.

The license was taken from Robert J. Burke, Jr. of 53 Angelica Avenue on August 16 after he was cited for quahogging in water less than four feet. At that time shellfish warden Al Pauline told Selectmen Burke had been warned several times. The suspension will remain in effect for the remainder of the year.

EXECUTIVE SESSION

Selectmen went into executive session with Town Counsel Donald J. Fleming to discuss litigation.

Building Inspector's Statement

REGARDING ORZECHOWSKI PROPERTY

Mattapoisett Building Inspector R. Scott Armbruster wishes to inform the public of his conclusion regarding the property of Stanley Orzechowski of 9 Peace Pipe Path which has been the subject of some recent question to the Mattapoisett Selectmen.

The following is his statement:

On July 28, 1983 I visited the premises at 9 Peace Pipe Path and have made the following conclusions regarding allegations as listed in a report from T. & M. Construction to Stanley Orzechowski:

#1. "The top of the garage footing is 2' - 8" +/- below finish grade."

The footing extends 40" from grade which is more than adequate for a garage in these circumstances. Code states "....Except when erected upon sound bedrock or when protected from frost...."

#2. "The basement is subject to flooding conditions."

Upon inspecting the sump pit, I found a wood form which had obviously been inadvertently left in place. The sump pit installation should work properly now. Crushed stone around the base of the foundation create drains to pit. What is there now is common practice and should do the job.

floor has a clear dimension of 29 15/15."

My inspection indicated that there is a clear 36" dimension as required by the code.

#4 Entry threshold is 8½" above the front landing."

The entry threshold is ¼ inch higher than stated in the code. I do not recommend any corrective action for this extremely minor detail.

#5 "First rise to front landing is 8 3/4"."

My inspection indicated that the riser is 8 3/4" from grade. This is ½ inch too high and I recommend that ½" of dirt backfill be placed at the base to correct the deficiency.

#6 "Flue liner mortar joints are not flush with the inside face of the lining."

The flue liner joints are not smooth. However, I do not feel that this is of sufficient magnitude to warrant tearing down and rebuilding the chimney.

#7 "No collar ties between rafters in the upper 1/3 of height."

Collar ties are missing. These ties are not commonly installed in the industry and in my opinion, not having them is not a construction defect.

#8 "First riser on deck is 11 3/4."

The first riser is 3½" too high - I recommend 3½" of dirt backfill be placed to correct this deficiency.

#9 "Insufficient nailing; rafter to top plate."

In checking the areas that Mr. Allison pointed out, I could find no evidence of insufficient nailing.

#10 "Insufficient nailing; ceiling joist to parallel rafter connection."

In checking the areas that Mr. Allison pointed out, I could find no evidence of insufficient nailing.

Regarding allegations #9 and #10, I also randomly checked other locations and could not find insufficient nailing.

#11. "Insufficient nailing; rafter to ridge connection."

My inspection indicated that one (1) rafter had two (2) nails that missed the tip of the rafter and these two (2) nails need to be redone.

#12 "Insufficient nailing; ceiling joist to bearing wall plate connection."

#13 "Insufficient nailing; floor joist to sill connection."

#14 "Insufficient nailing; floor joist to girder girder."

#15 "Insufficient nailing; gable stud to rafter."

#12 through #15 - These are concerning insufficient nailing and after spending time on the first few (#9 & #10) and finding the allegations to be unsubstantiated, I suspect that #12 through #15 are similar and amount to nit picking.

#16 "Inadequate and random placement of anchor bolts."

On August 15, 1983 I checked this allegation and found two (2) bolts in each section approximately 8 feet apart except on sections less than 4 feet where the bolts could not be 8 feet apart. Bolting is adequate.

#17 "No sill insulation."

Sill insulation is not addressed by Section 2124.2. Mr. Allison may have been referring to the sill gasket. Alternate methods are acceptable as provided for in the code.

#18 "Clear width of hallway on second floor is 33 inches."

My inspection indicated that there is 36 inches of clear width which complies with the code.

#19 "Single headers and trimmers span more than one bay at stairwell, rough openings."

The headers in the pull down stairways are not carrying any load and double headers are not necessary.

Persons present at my inspection on July 28, 1983 are as follows: Joseph J. Sullivan, Assistant Inspector of Buildings, Town of Mattapoisett; Mr. and Mrs. Stanley Orzechowski, Timothy Allison, Code Compliance Inspector (author of the report), Michael Michaud (neighbor), Jay Nanfelt

R. Scott Armbruster, Inspector of Buildings, Town of Mattapoisett

At a previous meeting of the Board of Selectmen Mr. and Mrs. Orzechowski had issued complaints against James Bungert, a Mattapoisett contractor, and Scott Armbruster, town building inspector.

Selectman James F. Huntoon responded to the complaints by saying, "Once we appoint a building inspector he has to apply the local regulations and the state building codes. He is in control of his job and, unless there is a formal complaint made against him, we, as a board, have no authority."

Some very interesting new ideas will be suggested for this year's schedule, and you will have an opportunity to be involved in the discussion and planning.

An election will be held to fill the offices of recording secretary and corresponding secretary. The officers for the school year 1983-84 are: Laurel Conway, President; Diana Pond, Vice President; Eugene LaBonte, Treasurer.

The PATO plans to make this an exciting, informative, and productive year through its activities. Come and be a part of enriching your child's school environment, and you'll be a winner too!

Parent-Teachers Club

The Mattapoisett Parent-Teachers' Club cordially invites all parents of Kindergarten through Grade 6 students to a meeting at Old Hammondtown School September 22nd at 7:30 p.m. We look forward to seeing all of our faithful parents who have helped in the past and newcomers and new Kindergarten parents. This is your chance to learn more about PTC and school activities and suggest some new ideas of your own.

Rochester Story Hour

The Rochester Woman's Club will again be sponsoring a Story Hour for pre-school children, ages 3 to 5 years, at the Joseph H. Plumb Library in Rochester. Children must be at least 3 years old to attend.

In order to provide the best program we can, we find it necessary to limit the size of our group. Due to the large volume of registrations in past years, we will maintain a waiting list and if a child misses three consecutive Story Hours, we will have to drop him/her from our rolls and give a child on the waiting list a chance to join us.

To register for the Story Hour please call Eileen Chamberlain at 763-8956. No registrations will be taken at the library and all registrations must be made prior to our first Story Hour.

Story Hour will be held on Wednesdays from 1 to 2 p.m. We will follow the Rochester Memorial School calendar and we will not have Story Hour on the Teacher Inservice Workshop Days which are usually held on the first Wednesday of every month.

Our first Story Hour will be on September 28th.

Letters to the Editor

LETTER TO THE EDITOR

CITIZENS OF ROCHESTER:

After reading the newspaper account of Selectman Ralph Walker resigning his seat on the Board of Selectmen, I had a feeling of consternation and regret that such a state of affairs should exist in the Town of Rochester.

Childish adolescent harrassment toward any elected public official is most intolerable - to be condemned by all who consider themselves mature men and women.

Our elected public officials seek their office because of civic pride and sense of duty to their town and people in it. For God's sake encourage them, don't strangle them. They devote many hours and personal expense also to try to give us good government through their expertise and experience. I know this first-hand from working with some of these officials.

In today's complex society we need every capable man and woman willing to serve our town. Whether we agree or not with every decision they make, irresponsible behavior is not the way to redress a grievance.

Ed Delano

The Thomas Jackson Tall Clock, #5060, is an authentic reproduction of the original now on display in the Henry Ford Museum. The handcrafted cabinet is made of both curly maple solids and veneers with decorative designs that hint of whales' tails and waves. It features a brass dial with seconds hand, four free standing columns on the removable hood and three carved finials.

All Colonial timepieces are created this same way by hand with painstaking care.

culprit has a short time to make repairs and depart, or else. The same applies to all out of town boats.

Has anyone considered a local boat caught in a foreign harbor such as Cuttyhunk, Menemsha or Vineyard Haven and the welcome they might get there, especially if one of their boatowners had been so treated in Mattapoisett? Supposedly we are all friends.

Cars parked on the wharf on a weekend could easily emit as much gas and oil that might reach the harbor and probably do. After all, the wharves were built for boats and I like the looks of boats afloat or hauled out at the wharves. Here is a poor old schooner that struggled to get here for repairs and is now being told to get out. I for one do not like this quick action and all the furor over a mere two gallons of oil. This could not have happened when I was Wharf Commissioner because I was elected to the office and I alone was responsible for the operation of the Wharf Department.

He was christened "Ziegfried von Wagner", being of blooded stock, but this was too much for the young folks who shortened it to "Ziggy", and that was the name all of us knew him by. For eleven years from the time we built in Mattapoisett, this little black and gray Schnauzer, a little large for a miniature, has accompanied his master on his daily walk to and from the Post Office and Seaport Pharmacy and back to Wildwood Terrace, in winter or summer, rain or snow, even with the temperature down to zero. If left with his leash dropped to the ground, he would only wander a short distance while waiting for his master to come out of the store or Post Office. At home in the morning he would pounce around, a little impatiently, waiting for his walk, and when that time came and his leash was dropped on the floor, he would grab it in his mouth and fly out the door as soon as it was opened, dropping the leash when he reached the driveway. Half his walk was without leash, and he had been trained to never go off the sidewalk onto Route 6, and he always waited for his leash to be fastened before crossing Route 6. This year, starting his 16th year in May, his walk was shortened in the hot weather, and he waited at the Chowder House before returning. After all he was about 100 years old as dog age goes, but his daily exercise and home care kept him fit. Needless to say, he was friendly to everybody, and loved children with whom he would play by the hour in his younger days.

He lived to a ripe old age for a dog, and I wish I could say that he died peacefully. In late years he was never allowed

out, especially at night, without supervision, as he was getting deaf and did not see too well. A week ago, on a Friday night, he slipped out when visitors were leaving. We did not discover his disappearance until Saturday morning. We spread the alarm, and that afternoon a neighbor found him almost comatose. He was taken to the Marion Animal Hospital and it was discovered that he had been shot with a high-powered pellet gun. He did not survive the subsequent operation.

We wish to thank the Marion Animal Hospital for their diligence in doing all they could. We wish to thank our Mattapoisett Police and our Dog Officer for doing everything in their power to locate the guilty party.

Actively interested in photography since she was a teenager, Mrs. MacDonald completed photography courses at Bristol Community College and New Bedford High School Evening Division, and earned a degree in Professional Photography from the New York Institute of Photography. She is a member of Associated Photographers International and the Photographic Resource Center in

graduated from the Emma Willard School and Colby Junior College. She is the mother of two daughters, Jennifer and Brooke.

The popularity of boats and the sea as subjects for Mrs. MacDonald's telephoto lens stems from her long and active participation in sailing and racing activities, and in activities of the Beverly Yacht Club in Marion where she currently serves as Secretary.

The landscape photography of Ronald Wisner will also be on exhibit at the Marion Art Center for two weeks beginning Friday, September 16th.

Ronald Wisner was educated at the Hart School of Music, where he studied composition and music history, and at Yale University where he studied harpsichord.

A composer, photographer and teacher of photography, he is a pipe organ and harpsichord builder, the proprietor of Wisner Keyboard Instruments in Marion.

Mr. Wisner has also designed and begun the manufacure of large format view cameras, of the type which he uses in his own work.

Ronald Wisner has concentrated his photographic style on the use of large format cameras in landscape photography. The clas- [illegible] format view camera uses 4 x 5, [illegible] 10 inch film. Because of his [illegible] cameras, Mr. Wisner's style is [illegible]d by very fine detail, and rich

Mattapoisett Arts Council

GRANTS TO THREE ORGANIZATIONS

The Mattapoisett Arts Council is pleased to announce that grants will be distributed to three cultural organizations in the community.

The Mattapoisett Town Library will receive funds to improve its collection of art books, the Mattapoisett Town Band will received funds to purchase new music for the annual concert series, and the Tri-County Music Association will receive funds to purchase symphonic band scores for their annual concert series. Each organization will receive one-third of the total summer allotment for the Town of Mattapoisett.

The next distribution of funds will be in January 1984. Interested parties may obtain applications for the grants at the Selectmen's Office in Mattapoisett Town Hall or by contacting Rick Mitchell, 3 Eldorado Drive (telephone 758-9464). Completed applications may be returned to the

In the diary of Dr. David H. Cannon (grandfather of Francis C. Rowland, Rachel Hillsdale and the late Elizabeth Wood) amid references to his garden...(it was a good year for gardening and his pears and grapes ripened early), his duties as a member of the school committee; his calls on the sick and dying; and oystering with his family...he made the following references to

the Cup races of that year:

August 17, 1887: The Scotch Sloop Yacht arrived in New York Tuesday, August 16th, after a passage of 22 days from England. The Sloop "Mayflower", champion of 1886, is nowhere this year for some reason or other. The name of the Scotch boat is "Thistle". She has beaten all the crack English Yachts.

August 18, 1887: The papers say the "Thistle" is covered by a cloud of canvas which almost smothers her.

August 23, 1887: The "Thistle" is getting rapidly into racing order. Her greatest draught of water, is 13 feet...and a few feet forward of sternpost. Her keel is straight to the point and then tapers up to forefoot and then curves up to water line.

September 8th, 1887: Great preparations going on between the different yachts ... "Mayflower", "Thistle", and "Volunteer".

Thursday, September 15th: Very fine weather. Great excitement in New York and in fact all over the country concerning the coming race between "Volunteer" and "Mayflower".

Friday, September 16th: Great race this day. The race between "Volunteer" and "Mayflower" was a tough one yesterday in half a gale of wind. "Volunteer" beat about 16 minutes. The race was triangular.

Time	Hours	Minutes	Seconds
Volunteer	4	20	49 1/5
Mayflower	4	36	51 4/5

September 19th: I venture a prediction that the "Thistle" will carry away the America's Cup.

Friday, September 23rd: The Yachts were both dry docked yesterday and the long looked for event arrived...the opportunity of seeing the bottom of the "Thistle"!

Tuesday, September 27th: Race in New York between "Volunteer" (American) and "Thistle" (Scotch) Yachts. A light wind and it was expected the "Thistle" would win but she lost by 19+ minutes.

Friday, September 30th: Arrived home about 7 p.m. to get news of the 2nd great yacht race below New York from Scotland Lightship 20 miles to windward and return. The "Volunteer" again a winner and the Queen's Cup is saved.

Saturday, October 1st: The papers of this day give full particulars of the race of of yesterday.

October 12th, 1887: The fine weather continues. The people of Boston and vicinity have given the owner of the "Volunteer" and designer Burgess a great reception. Mr. Paine is sole owner...the crew were also there in force except Capt. Hank Huff and mate who did not attend.

And now we ask...Who will win the America's Cup in 1983? "LIBERTY" - "AUSTRALIA II"???

The game was a lot of fun for all the men who took part. It was enjoyed by all who attended.

The Police won 14-5. Kenneth Pacheco of the Police Department and John DeCosta, Jr. of the Fire Department set up the game for Muscular Dystrophy and Chief Paul Bradley collected $54.00 for that cause.

The umpires were Selectman James Huntoon behind the plate, Al Sears of the Fire Department on first base, and Selectman John DeCosta on third base. Selectman Frank Suzan was there lending support to both teams.

The Selectmen's Trophy was won for the third time by the Police Department and will be able to keep it for the Police Station. The Selectmen will give a new trophy next year. The trophy was presented by Chairman John DeCosta to team captain Kenneth Pacheco.

Coming to Zeiterion:

The New Bedford Women's Center, Inc. is celebrating its 10th anniversary of community service on September 17th. In honor of this joyous occasion there will be a performance of Ntozake Shange's "For Colored Girls who Have Considered Suicide When the Rainbow is Enuf" at the Zeiterion Theatre, 684 Purchase Street, New Bedford. The Director and performers are talented community artists many of whom have appeared in the sellout performance of this production at S.M.U. in the spring of 1982. The evening festivities will include The Music of Sweet Honey in the Rock, as performed by the New Bedford Women's Center's Community Singers. Tickets are reasonably priced at $4.25, $5.25 and $6.25 and may be purchased at the Zeiterion Theatre or at the Women's Center. All are welcome.

The New Bedford Women's Center is a collectively run, non-profit organization which was incorporated in 1973. The services and our overall philosophy are based on a self-helped model, stressing women helping women, peer counseling and community involvement. We now provide Health, Women's Rights, Battered Women's services and Rape Crisis services for community women.

NIGHT WALK

The Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth, will hold a night walk on Saturday, September 17, in its continuing series of weekly walks.

The dark half of the Earth's 24-hour cycle goes largely unnoticed and unknown by many of us. Yet it is a time of much activity for the animals which live in our region. This walk will focus on becoming familiar with the night by walking one of the Lloyd Center's trails, noting changes and limitations in our sense of sight, and testing the night with other senses as well. TREASURES FROM NATURE

On Thursday evening, September 22, the Westport Historical Society welcomes Ruth Edwards, naturalist-photographer, as she presents an illustrated lecture entitled "Treasures from Nature". This presentation will take place at the recently renovated Bell Schoolhouse, 25 Drift Road, Head of Westport, at 8 p.m.

Mrs. Edwards is well-known for her splendid color photos of our local flora and fauna. "Treasures from Nature", the title of her slide presentation, is about the wonders to be found in Westport, the seasonally changing plants and small creatures that she discovers here. Her skill, patience and timing are all brought together in a series of close-up slides depicting the life, metamorphosis and dramatic changes that take place in the development of a butterfly.

Mrs. Edwards, a long-time resident of Westport, also brings her love of nature to other forms as she is well-known for her work in painting, scrimshaw, lucite and metal.

The public is cordially invited to attend this presentation. There will be a one dollar admission charge for those who are not members of the Historical Society. Refreshments will be served following the program.

of the festival's highlights will be an outdoor performance of excerpts from "Sleeping Beauty" by the Cape Cod Ballet Company.

The festival focuses on the rare Franklinia tree, one of the few to flower in autumn. Named in honor of Ben Franklin, this tree grows in the wild only in one part of Georgia. Ashumet's Franklinia trees are the result of seeds and cuttings taken from that spot by colonial plant explorers.

The Franklinia Festival is sponsored by the Friends of Ashumet. Refreshments will be available including homemade clam chowder, sandwiches and fresh apple cider. Admission for the event is $2.00 for Massachusetts Audubon members, $3.00 for non-members, and 50 cents for children 11 and under. Proceeds will be used to maintain the sanctuary.

Ashumet Holly Reservation is located off Route 151 and Currier Road in East Falmouth. Details may be obtained by calling Ashumet at 563-6390.

Attorney's Association.

The conference was attended by over 500 of the nation's District Attorneys who gathered for the purpose of electing new officers to their association. Also discussed at the conference were a number of issues related to the criminal justice system.

Upon election to the association, O'Malley said he considered the opportunity a great privilege to act as an executive officer among his peers. "The needs of the public to be served by the criminal justice system is of great importance to the association and to myself. I am pleased and honored to serve as Vice President for the nation's District Attorneys in this effort," he said. The association has a membership of 6,000 representing criminal prosecutors across the nation.

O'Malley graduated from Stonehill College and received his law degree from Boston University. He lives in Brockton with his wife, Amy, and his two sons, Billy and Ryan. He is the son of Alice O'Malley and the late William C. O'Malley, Jr. He has been a prosecutor for the last 12 years. He will serve a 3 year term as Vice President.

CCCC TIP OF THE WEEK

Concerned Citizens Combating Crime advises: If someone suspicious seems to be following you, look for an open business or go to a nearby home for assistance. If nothing else is available head for a well-lighted area where there are people.

If you are in your auto, don't head for home, but go to the closest police station and lean on your horn if the driver follows you.

Children's Museum

OFFERS SPECIAL GROUP PACKAGE

Groups of ten or more persons may now take advantage of a Special Group Visit Package developed by the Children's Museum and Dartmouth McDonald's Restaurants. A fee of $2.50 per person includes regular admission to the Museum (normally $1.50 for adults and $1.00 for children) and a meal at McDonald's valued at $1.80.

The package is designed to be convenient for group tours by enabling persons to buy a single ticket at the Children's Museum that also includes a McDonald's meal. The Children's Museum is located at 276 Gulf Road in South Dartmouth. Hours are 10 a.m. to 5 p.m. Tuesday through Saturday and 1 to 5 p.m. on Sundays. The Museum is closed Mondays.

To schedule a Special Group Package Tour contact the Museum at 993-3361.
